Profile

Passionate detail-oriented junior software tester with strong background in manual testing and solid understanding of API testing and SQL. After career switch from management and healthcare administration, I found my passion in IT and QA. Eager to join a technology-driven team where I can apply analytical thinking and testing skills.

Work Experience

Tester | uTest Platform, United States | 03/2025 – Current
Testing various software products (web, mobile applications) for international clients. Manual testing, test case creation, bug reporting in tracking systems, remote collaboration with development teams.

Beauty Advisor L'OREAL LUX Group | Lagardere Duty Free s.r.o., Prague | 09/2018 – 03/2025
Working with internal inventory management systems, creating and analyzing Excel reports, monitoring inventory and managing orders, consulting customers about cosmetic products.

Department Head | Institute of Hematology and Blood Transfusion, Prague | 10/2016 – 11/2018
Working with hospital information systems, creating SAP reports, leading team of 25 people, staff training, ensuring smooth operation of hospital processes, processing attendance in Cevis program.

Managing Director | Sila Company s.r.o., Prague | 05/2006 – 10/2016
Financial consulting, processing insurance contracts through online platforms, working with banking systems for loans and insurance, IT support (software installation, network administration, troubleshooting), client database management.
